NEWMAN PROPOSED AMENDMENT NO. 4

0000120120

TIME/DATE PREPARED: November 18, 2010

COMPANY: Tucson Electric Power Company

AGENDA ITEM NO. 34

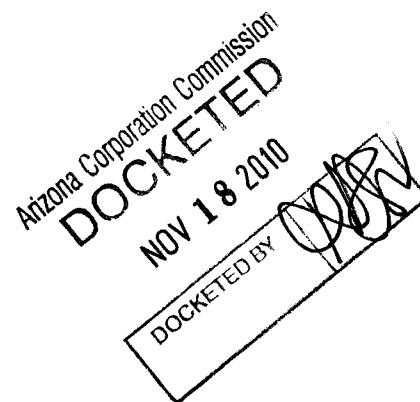

DOCKET NO(S). E-01933A-10-0266

OPEN MEETING DATE: 11-23-10

Page 15, line 21, INSERT NEW FINDING OF FACT: "The Commission appreciates TEP's effort to reward high-performing solar electric power systems with the highest level of incentive through the application of the SunShare Solar Electric Off-Angle & Shading Annual Energy Derating Chart (the "TEP Derating Chart"). However, in an effort to tie TEP's SunShare Program to standard residential building practices and to provide additional continuity to Arizona's myriad of residential REC purchase programs, the Commission recommends replacement of the TEP Derating Chart with a version similar or identical to the APS PV Off-Angle and Shading Incentive Adjustment Chart (the "APS Derating Chart")."

Page 17, line 9, INSERT: "IT IS FURTHER ORDERED THAT TEP will replace their Derating chart with a version similar or identical to the APS PV Off-Angle and Shading Incentive Adjustment Chart."
